Winter Weather

We all stayed warm last week at school in those freezing temperatures! Looks like the temperature is warming up, but in the event of a school closure due to extreme weather, the district will communicate their decision by 6:30am and announce this on District/School websites, Twitter, (@AbbotsfordSD), Facebook (@AbbotsfordSD), Instagram (@AbbotsfordSD) and local media as well.

Reminder – *If there is winter weather, and schools remain open, it is the parent/guardians' decision as to whether or not their children attend school, based on their assessment of the relative safety of travel conditions within their neighbourhood.*

Thank you to our Families!

Thank you to everyone who made our Christmas Store such a huge success for our kids! Without all the donations and parent helpers, this special opportunity would not be possible. The kids all chose gifts with such thoughtfulness. It was such a special day. Thank you, too, for all the help at the skating rink! That's a lot of skates to tie in a short time. We appreciate all the help and look forward to the next two skating field trips!

WildSafe BC

On Friday January 19th, our students will participate in a WildSafe Ranger presentation. They will be introduced to BC wildlife, they will learn about wildlife safety, managing wildlife attractants, and reducing human-wildlife conflicts.
